Dear Dr. Hacker,

On behalf of the Duquesne City School District, I would like to thank you and the Allegheny County Health Department for extending the opportunity to be the first Live Well Allegheny school district. The district is beginning several new initiatives for the 2014-2015 school year, and this effort will bolster our effort to provide the support services to our staff, students and community.

We look forward to our partnership with the county and are prepared to begin implementation of the program. Attached, please find the activities that the district is planning for the upcoming year. Any suggestions or feedback that you have is always appreciated. Perhaps we can gather together at some point in the coming weeks to discuss next steps.

Thank you again for the opportunity to be a Live Well Allegheny school district. We look forward to working with you.

Sincerely,

Barbara McDonnell  
Acting Superintendent  
Duquesne City School District
