Learning Objectives

Allegheny County
Health Department

1. Learn about Health in All Policies and how to apply it to your organization;
2. Learn about other Live Well Allegheny partner initiatives; and
3. Identify future action steps for your organization.

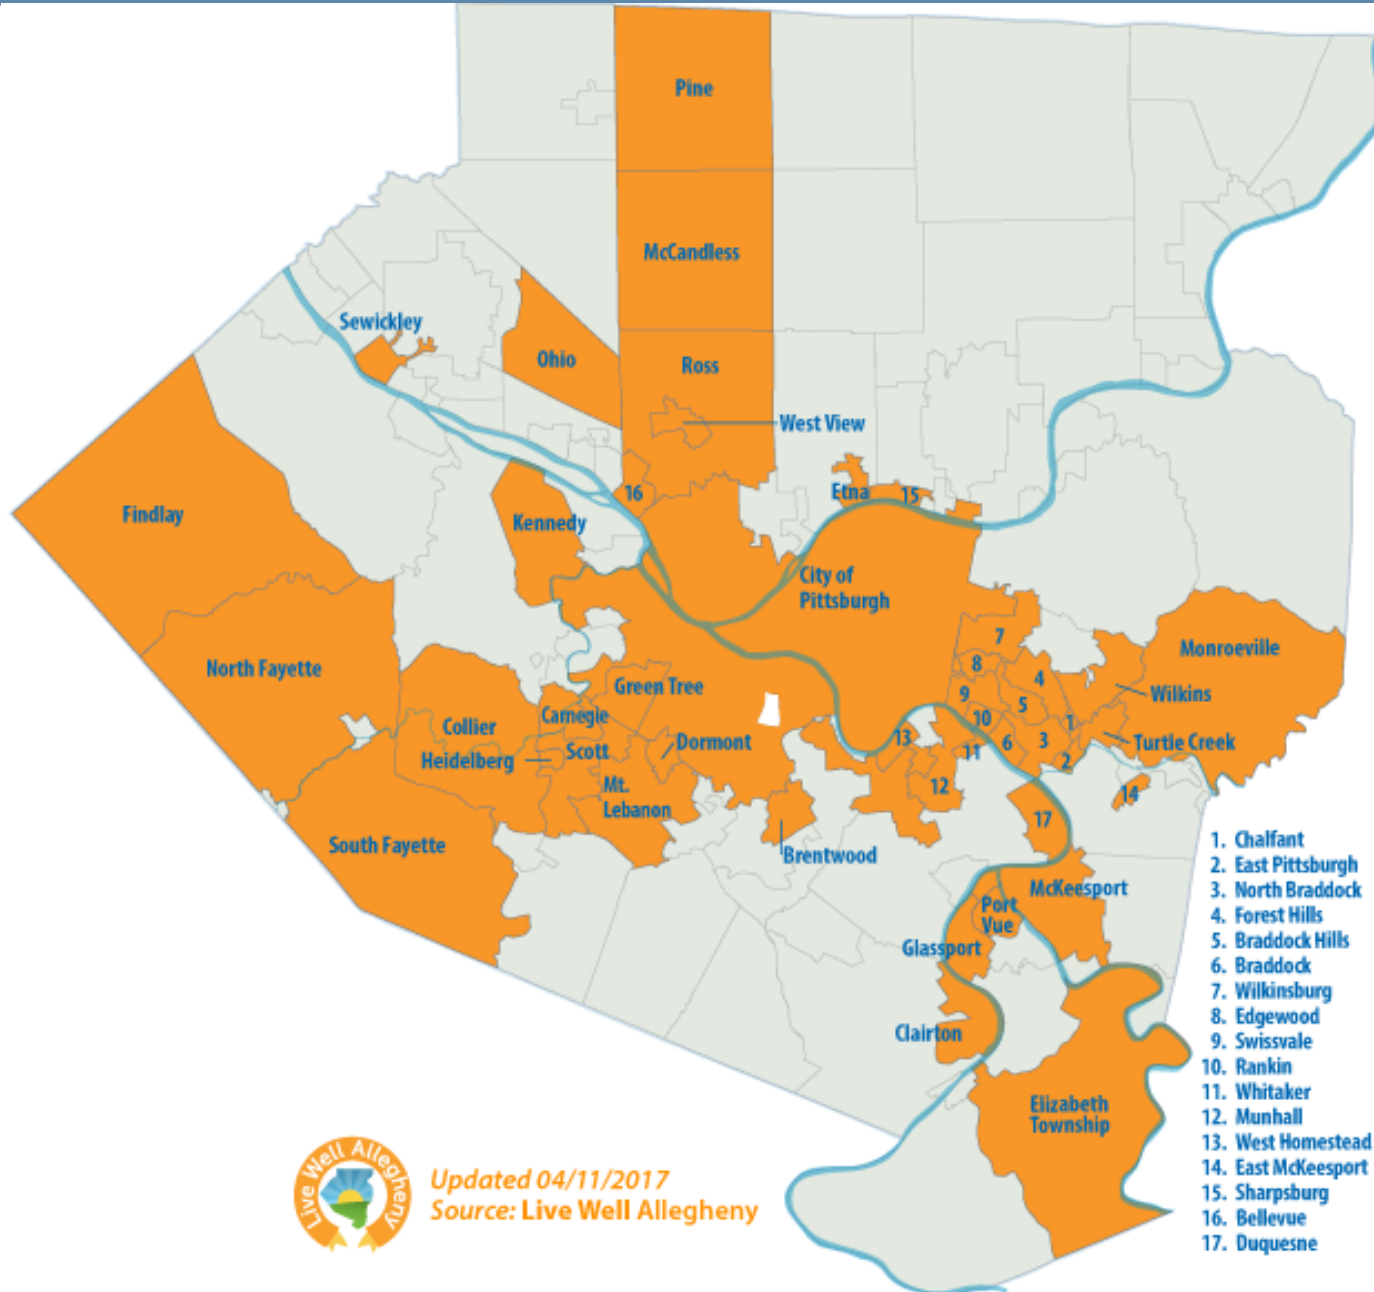

- The Live Well Allegheny campaign highlights increasing physical activity, eating right, and reducing smoking rates
- We believe that through collective action, we can make Allegheny County a healthier place, the healthiest county in the nation

Meet Lilly

Social Determinants of Health

Health in All Policies is a collaborative approach to improving the health of all people by incorporating health considerations into decision-making across sectors and policy areas.

~Public Health Institute

How Do Decisions Impact our Health?

**Policies &
Programs**

**Encourage people
to make healthy
choices**

Implementing HiAP

Allegheny County
Health Department

- Train staff at different agencies on health issues and how public health is related to their discipline
- Identify local leaders who can play the role of champion for HiAP in their communities
- Provide an environment to share tools, resources and data to that can be used by local leaders to improve health

Learning Collaborative

Allegheny County
Health Department

Jefferson
Regional
Foundation

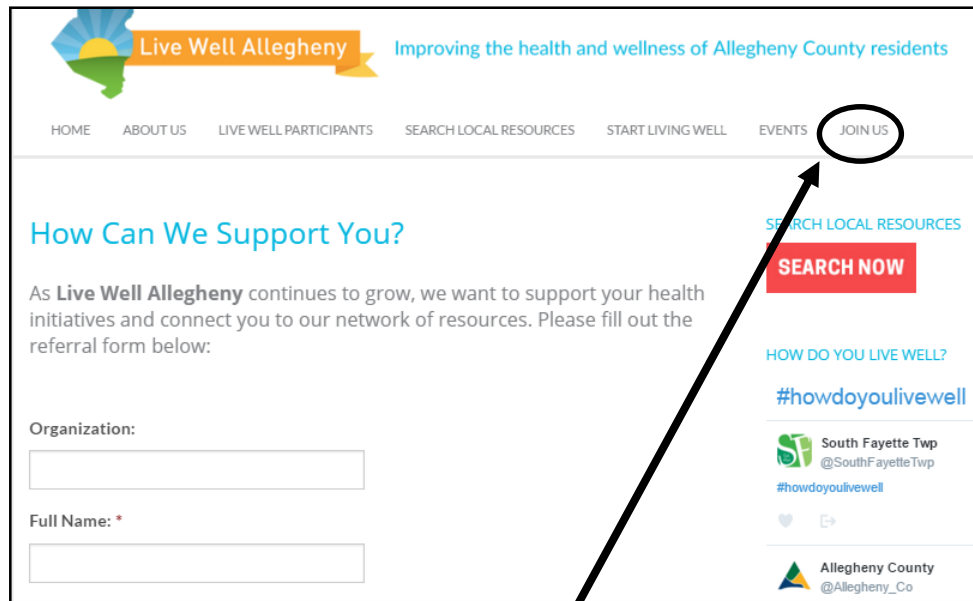

Connecting & HiAP

- **Tobacco Use** – add e-cigarette language to policies, expand smoke-free areas
- **Physical Activity** – support multi-modal transportation, update recreational space
- **Healthy Foods** – support farmers markets, offer healthy menu alternatives, food procurement

What Can You Do?

Allegheny County
Health Department

- Be a champion, improve your own health
- Live Well Allegheny – Mon Valley Mini Grants
- Jefferson Community Collaborative
- Take steps to implement Health in All Policies
- Spread the word to partners, employers, and restaurants in your community

Allegheny County is living well!
